Pull It!

Match

=/= We fade into the parking lot as we see Trent Steel rummaging through his rental car.=/=

Trent Steel: Where the fuck are...Ah ha!

=/= He pulls out a carton of cigarettes and smiles.=/=

Trent Steel: There we go.

???: Don't fucking move.

=/= Two men wearing black ski masks, one holding a gun on Trent Steel. Trent holds his hands up and turns around slowly.=/=

Trent Steel: Smoke?

First masked guy: Nah poppet. We're here for you. See you're gonna come wit us. You aren't going to to be in the big fight tonight.

Second masked guy: You don't deserve to be world champion mate. So we're gonna make sure that you aren't going to be there.

Trent Steel: That so?

=/= We hear a coughing laugh in the darkness.=/=

Second masked guy: What's that?

First masked guy: It has to be this fucker's little masked friend. He's fucking with ya. He won't do nothing while I got this gun pointed at his buddy.

Trent Steel: I wouldn't do that if I were you.

First masked guy: Or what? Hm? You'll hit me with a barbwire cricket bat?

Trent Steel: No...I will break your damn jaw though.

Second masked guy: Oh you're a funny one.

=/= Out of the darkness comes Ataxia blood running out of his mouth as he walks. The first masked guy points the gun towards him and Ataxia walks right up to him. =/=

First masked guy: Stay back!

=/= Ataxia doesn't stop until his head is right on the barrel.=/=

Ataxia: PULL IT!!!

=/= The distraction allows Trent to kick the second masked man in the kneecap making him fall to the ground. The first

gut turns to try and shoot Trent but gets his throat grabbed by Ataxia who modified choke slams him into the pavement. The gun lands at Trent's feet. Trent picks it up and pistol whips the second masked man until he's knocked out. Ataxia won't let go of the first man's throat until he passes out. Trent looks down at the gun with his hands shaking and takes the bullets out and puts it on the ground.=\=

Trent Steel:...thanks...

Ataxia: For what? He didn't do it.

Trent Steel: He could have killed you.

Ataxia: Figures the one time I want someone to do something they don't.

Trent Steel: What?

Ataxia: Oh come on now...you didn't think I was doing this because I didn't have a death wish did you? AHAHAHAHAHA...

Tonight, You Will Be Saved

Match

=\=Synn De La Cruz is walking around backstage alone with no one by her side. She is taking small deep breathes trying too stay focused but it's hard as she knows tonight will be a night to remember an forget. The odds are against her as she knows everyone thinks she's had enough title shots. =\=

Synn De La Cruz: You know I get it. I really get it all these people want me out of the title picture so they can get their shot and too be honest they would have a legit beef if they were here most of the time and not mention other companies like many do. Hell Dangerous Dan is the one I am aiming this too mainly. He talks soo much about GCWA or whatever the hell it is why don't he stay there? Why is he here in the CWF if all he does is tell us about that federation and what he has done there. Sure it's great to be proud but what the hell does GCWA have to do with CWF? Nothing! It has absolutely nothing to do with CWF and I know some might say but he's trying to drive a point. You want points driven I can mention every damn federation I have ever stepped foot in and do you think it will help me here? Hell to the no! Dangerous Dan needs to get new material and stop mentioning that crap federation. I am sick of it like he is sick of me getting title shots that I have earned. Why? Because I am out there every damn week doing my thing while he parades around another company that too me and many here in the CWF don't matter. Dangerous Dan be proud of all your accomplishments but be respectful and keep other companies out of the CWF. We don't need them nor do we care about them. You're a champ there? Good for you try being a true champion here. You can make up all the excuses in the world when I beat you back at Frozen Over 5 but the fact of the matter is it's here in the CWF record books as a win. Oh, but you're not the only one that seems to be talking sh6t. Seems Ataxia thinks I am still putting my career on the line and thinks I am playing the crazy card huh? Ataxia what you missed is that I have turned over a new leaf and yeah I am a little off at times I have voiced this many times. I cut myself? No, she cut me to remind me of who I am get that straight boy! You know I am trying to change but all of you are making this hard for me to do and I saw this coming and will over come these odds.

=\=Synn leans against the wall and slowly slides down breathing slowly and trying to get her head straight. =\=

Synn De La Cruz: You know I may not be the ideal champion too all of you or even the ideal wrestler but I am what I have claimed to be from day one and that's one dominate bytch. See, I had the guts to admit I was wrong what have you all done? Have you ever admitted you made a mistake? Have you ever tried to change? Hell, have you apologized too anyone lately? No, you all are consumed by thinking your something you're really not. I know my limits and there are no limits for me. I can go toe-to-toe with anyone here when my head is straight. Have I blamed people for my downfall? Yeah, but deep down don't we all blame someone or something? Ataxia you say you are insane but are you or are you so sane that we are all insane? Look in the mirror what are you hiding? Why do you wear a mask? I'll tell

you why; to cover up the true failure you really are. You hide behind a mask to try and intimidate the world into thinking your some insane maniac but I know that all you are is a lost soul and I will save you if you give me that chance. Are you and I alike in some way? Maybe but then again I can say that about anyone. I am not like you in one thing. I am no longer hiding behind anyone or anything. See, as of tonight I am back on my own. Mindy has her thing and from what I hear she isn't happy here much anymore then I am. The difference is I have seen the light and been saved. I can try and save her but she don;t want to be saved. Just like the lot of you. You don't want to be saved. You are happy wallowing in your own filth and perverse thinking. All of you think you are indestructible but the truth is you are all train wrecks. I used to be like all of you but now I am fixing myself and tonight I will win against the odds. I don't care if there is a vote against me or for me. Voting don;t matter I that ring. All that matters is what you do in it and how you win but we all know what's gonna happen right? Someone is gonna get screwed and we all know who that is or do we?

=\=Running her hands thru her hair Synn smiles softly licking her lips as she continues on.=\=

Synn De La Cruz: Dangerous Dan you have a lot of issues and burdens you carry as you carry your heart on your sleeve. Everything people say you take to heart and really shouldn't. This is a grown-up business and most of the time you act like a child and get your self all upset when people point out that you aren't special here in the CWF. You are just another dollar sign for management. Yeah, I went there as we all are dollar signs. Like me or not I am money here and everyone knows it and the only reason you Dangerous Dan and others don't want me to get another shot is cause you have egos and don;t want them to get bruised; but hey don't look at me as a woman when I win the world title. Look at me as a wrestler. You know as well as everyone else if I wasn't doing what I did before Dan Highlander would have had no one to face. Hell, if I didn't voice the things I did someone else would have. Atleast I didn't say too much that Dan has someone in his pocket. Dangerous Dan you want to be the best? I can help you achieve more then you know. All of you have seen a train wreck but now that I am focused you will see the light and only I can truly save you. Tonight you will be saved.

Respecting An Arrangement

Match

=/= We cut to backstage where a British police officer is questioning Trent Steel and Ataxia. Ataxia is coughing into a hankercheif.=/=

Officer: Well gentlemen, both men are in hospital after what you two did to them. We got everything on tape thanks to the cameras that you all seem to enjoy being in front of. This looks like a open and shut case of two men trying to do a kidnapping. As far as I am concerned everything can go off without a hitch. My boss however feels like they may not have acted alone so I am sorry to say that both of you will have to stay here where it's safe.

Trent Steel: With all due respect...fuck you and fuck that.

Ataxia: Hehehe...(cough cough)

Officer: I still say you need to see a doctor.

Ataxia: No doctor can cure what's wrong with me young man. Hehehehe...I'm going to wrestle tonight or I am going to be arrested for assaulting a police officer.

Officer: I could arrest you for threatening.

Trent Steel: He doesn't threaten. He promises.

=/= The door opens and in comes President Steven Gamble.=/=

Steven Gamble: Get warmed up if you haven't already. I just got off the phone with your boss. They wrestle. End of discussion.

Trent Steel: Never expect you to defend us.

Steven Gamble: Maybe I respect our new arrangement Mr. Steel.

Ataxia: What about me Stevie?

Steven Gamble: Oh it's simple...I want you to get your ass handed to you.

Ataxia: AHAHAHAHAHAHA...

Officer: That man is barely able to move sir I strongly suggest.

Steven Gamble: Suggestion noted. He's signed a waiver. I'm not going to stop him. Besides...if he wins it'll be a miracle.

Ataxia: I know I hate you that much...let's see if God does to Stevie...AHAHAHAHAHAHAHA!!

Brotherly Tension

Match

=/=We open backstage where Crazy Chris is making his way down the hallway with the Tag Team title draped across his shoulder. He has a confident smile on his face which shows that he's more determined than ever to win Golden Intentions. He continues walking, but stops just outside his locker room. His smile quickly fades away, as Dangerous Dan now appears in view. The two brothers stare, not taking their eyes off one another.=/=

Crazy Chris: Dan.

Dangerous Dan: Chris.

=/=There seems to be some tension between the two brothers, having not seen one another all week long. The brotherly rivalry from the earlier promos in the week seems to be settling in their minds. Chris, however, tries to mend things for the moment.=/=

Crazy Chris: Look, Dan, I just want to say...

Dangerous Dan: I know what you want to say. I know that you want to win this match just as badly as I do. I know that winning Golden Intentions is a big step in both our careers. One of us winning means that we go to WrestleFest and face Dan Highlander for the World title. There's a lot at stake for us and I get it Chris. You said what you said because that's how you feel.

=/=Chris stares at Dan with somewhat of an empty expression on his face. It almost seems like Dan has just took the words out of his mouth.=/=

Crazy Chris: Actually, what I was going to say is that I just wanted to wish you luck tonight.

=/=Dan stands there caught off guard at his brother's comment.=/=

Dangerous Dan: That's it? you just wanted to wish me luck?

Crazy Chris: Yeah. Look, I know there's so much at stake for us, and after we eliminate Terror Australis, I am going to do whatever it takes to win the match. I mean it Dan when I said that I would eliminate you if I have too. You can't stand there and say that you wouldn't do the same thing should the moment arise? I need to win this match to prove that I'm not just your shadow which everyone seems to consider me as. I have to win this match Dan and if I have to eliminate you to get there...

=/=Chris steps in closer coming nose to nose with Dan. He looks his brother square in the eye.=/=

Crazy Chris: I will do just that...bro!

=/=The brothers stare one another in the eye, before Chris backs off and heads down the hallway. Dan watches with somewhat of concern, as Chris walks away.=/=

Climbing The Mountain

Match

=\=Synn is stretching in her dressing room near her dresser and stops with her palms down on the dresser and her head hanging down. Slowly she looks up and thru strands of hair in her face looks in the mirror; raising one hand she moves her hair out of her face and smiles at her own reflection.=\=

Synn De La Cruz: It's gonna be a mountain but I can do it. I have always climbed the most rugged mountains and won. Hell I was in the WWG for over eight months undefeated and held the world title never ever losing it. Yeah I know I am not gonna pull a Dangerous Dan but maybe if I did they'd see clearly that I am at a much higher level then they know. One thing is for sure I know there is atleast one person other then me and Mindy that sees what I can do. They have seen what I can do for a long time and maybe it's time for he and I to sit-down and talk about a few things? Maybe we need to get together and brain storm how we can save them?

=\=Synn shifts her eyes to her I Phone 4 and grabs it with her right hand as she presses the call button. The phone begins to ring and she breathes slowly and deeply as she is nervous. She then hangs up and places the phone on the dresser as she looks back at her reflection.=\=

Synn De La Cruz: He must be busy but all in good time. They can have their way for now but after tonight they will know I am for real. I am not a fraud like them. I don;t hide behind a mask or who I really am. I have always been Synn De La Cruz and that's what eats at them all. I don;t bow to no man or woman. Sure I get how they feel seeing me get shot after shot and them even saying time for a change but if they really wanted the shots they'd have tried as hard as I have. Instead of complaining about how many shots I get why don't they be as relentless as I have been? I hate saying these things but they are the truth and nothing but the damn truth. I am not being mean or even trying to be selfish I am just pointing out cold hard facts. Tonight I start anew and when I become the number one contender yet again I will headline Wrestlefest III and give Dan a match he will never forget. Well, it's time to go.

=\=Synn turns around and heads for the door as she then exit her dressing room.=\=

When I Lose, I Still Win

Match

=/= We cut backstage to Chris Andrews who is standing in front of Trent Steel.=/=

Chris Andrews: Trent, do you have anything to say to the rest of your competitors in this year's Golden Intentions.

Trent Steel: I said what I wanted to all ready but I will say this. Danny B. You get in my way and I'm going to enjoy putting your ass out of commission for the rest of your life. Do not fuck with me. It will not end well for you. Just remember...even when I lose...I still win.

Chris Andrews: Well that's short and to the point.

=/= Suddenly we hear a crash off camera. The camera turns to see Ataxia stumbling a bit into view. He walks past the interview area and grabs Chris Andrews microphone. He starts stumbling towards the arena.=/=

Trent Steel: TAX! Damn it.

=/= Ataxia stumbles through the entranceway curtain. He lands on his knee's to a loud booing from the british crowd.=/=

Ataxia: BOOO!!! Boo! Boo! That's all I hear. You suck! Your an asshole! That mask doesn't go with that suit.

=/= Ataxia spits and we see blood on the ground where he spat.=/=

Ataxia: I've wept, I've fought, and I've bleed for you people more than your heroes every would dare and all I hear night in and night out is your contempt. Well no more. It ends here. You people don't realize what I have done because you

=/=Dan begins pacing back and forth. He stops and snaps his finger seemingly having come to some kind of realization.=/=

Dangerous Dan: You know what? Chris IS right. I can't blame him for that. he wants to win just as badly as I do. I can't hold that against him which is why I will also go through him to get what I want. I have to win tonight Madyson. For months now, people have considered me the GCWA has-been mid card wrestler. I am the only person to hold a one-on-one victory of Dan Highlander. I should have had my main event status months ago. I didn't though, which is why tonight, I am going to take out EVERYONE that gets in my way and win Golden Intentions. No one considers me World Heavyweight material which is why tonight I could prove them all wrong. I have worked and worked for months to get respect from everyone on the roster. Have I? your guess is as good as mine. The only thing I know for sure Mady...is that I am going to win Golden Intentions and at WrestleFest, I WILL beat Dan Highlander yet again. I'm not going to be overlooked any longer. I may be one-half of the Tag Team Champions, but after tonight, I am going to be the number one contender to the World Heavyweight Championship.

=/=Dan suddenly turns his attention towards the camera.=/=

Dangerous Dan: Champ, you better be ready because I am three and O against you. match number four, is going to be when I capture the World title and dethrone you AGAIN. Your reign as World Champion is coming to the ENDD!!

=/=Dan stares into the camera showing letting us see that he is more determined than ever. He turns around and follows Madyson into the locker room shutting the door behind him.=/=

Putting Your Money Where Your Collective Mouth Is

Match

=/=Bring The Hammer Down by Hammerfall plays over the speakers, and Dan Highlander comes down to the ring, dressed in his usual ring gear despite not having a match that night. The crowd reaction is strong for the World Heavyweight Champion, and he takes his time coming down to the ring.=/=

Jim Gunt: Here comes the World Champion!

Chester Taylor: Does anyone know what he's even doing here? He isn't wrestling tonight...

Mike Rolash: Does it matter?

=/=Highlander reaches the ring and signals for a microphone. He stands in the middle of the ring and looks around, as the British fans chant his name. He grins and waves them down.=/=

Highlander: Well, first off, good evening London!

=/=Some members of the crowd groan at the cheap pop, but mark out nonetheless.=/=

Highlander: I'm out here tonight because I want to talk to all of the people fighting in the Golden Intentions match. See, there's more than a few of you who've implied that I'm less than a full champion - that you, you could beat me if given your shot. Well, this is your shot. Tonight, it's time for all of you to put your money where your collective mouth is. All of you will fight, and one of you will win.

And to the one of you who wins: well done. You will have beaten all of the people on the roster... who don't matter. You want this title?

=/=He gestures at the World Title on his shoulder.=/=

Highlander: Then you'll have to take it from my cold, dead hands. You want to know something interesting? To all those who think I'm a transitional champion, until you get your shot? In one week's time, my title reign will pass that of Alex Cain in length. In one month's time, I will pass Jace Valentine to become the longest-reigning World Champion in history.

./=He stops for a moment to let that sink in./=

Highlander: That is what you want to take from me after you win Golden Intentions. That is what is at stake. You think that you can take that from me?

You are not prepared.

./=He drops the microphone and exits the ring./=

2011 Golden Intentions Rumble

Match

Ray Douglas: Ladies and Gentlemen, this next match is the Golden Intentions match. The match will start with the first two entrants will start the match, and then competitors will enter at ninety second intervals, you are eliminated when you are thrown over the top rope and both feet touch the floor. The winner is the last man or woman standing when all the superstars have entered.

Now introducing the first competitor....

./= The crowd roar in anticipation for the first entrant. "Dirty Deeds" by AC/DC electrifies the arena as the Bastard son of the CWF walks through the crowd to rapturous applause. ./=

Ray Douglas: First out into the Golden Intentions match, from Chicago, Illinois, weighing two hundred and sixty eight pounds. He is RM STRONG!

./= RM comes down the ramp, slapping hands with the fans as he goes. ./=

Jim Gunt: Strong has drawn the short straw here, he will have to go through the rest of the roster, minus the world champion, to win this thing.

Mike Rolash: This isn't going to be easy, but RM is one tough son of a bitch, and if anyone can do it, it's him.

./= Strong gets in the ring under the bottom rope, and as he jumps to his feet the music cuts. A countdown shows on the screen. ./=

10...9....8....7....6....5....4....3...2...1...0

./= "Tomorrow" by Chris Young hits as Tyler Anderson bounces onto the stage. ./=

Ray Douglas: Introducing number two, from Rincon, Georgia, weighing two hundred and twenty pounds. TYLER ANDERSON!

./= Tyler throws his cowboy hat into the crowd, and runs down the ramp, sliding in into the ring, leaping to his feet and throws a massive right to RM Strong, catching him off guard. Strong staggers but stays on his feet as the bell rings to officially start the match.

RM comes back with a grapple, Tyler responds with the same move, and the two lock up with a collar and elbow tie up. The much stronger RM overpowers Tyler, throwing his back, Tyler lands down hard on his back, but quickly recovers staring down RM, as if searching for a weak spot. ./=

Chester Taylor: This thing has started out massively, what Tyler lacks in strength he will easily make up in speed, and as one of the longest running CWF Veterans, experience is on his side too.

./= Tyler circles Strong, who stands proud. As Tyler reaches Strong's blind spot, the bastard son of the CWF swings backwards and staggers Tyler with a back elbow. Tyler stays on his feet, managing to dodge a charging RM Strong, who hangs himself up in the ropes. Tyler grabs the legs of Strong, trying to dump him over the top. Strong goes over the ropes, hanging onto the top one. Tyler kicks away as Strong lays on the apron. ./=

Mike Rolash: Tyler trying to kick the ass away from Strong, but he is holding on.

Jim Gunt: And a smooth takeout there as RM grabs the leg of Tyler, tripping him up.

=/= RM uses the opportunity to roll back into the ring. He reaches his feet again, a little warier this time of making sure not to make another mistake. Tyler strikes out with a few karate style punches, RM swings away from the moves, but gets stunned with a chop to the top of the head. While RM was a little dazed, Tyler swings a roundhouse kick, catching RM in the kidney, who shows pain in the face. Tyler pulls the head under his arm and drops RM with a nasty spike DDT. =/=

Mike Rolash: This has turned completely in the favour of Georgia's second son.

Jim Gunt: But the countdown is about to start, maybe this will swing things....

=/= "Sex Room" bursts through the arena as quickly as the next competitor, Kaylan El sprints to the ring. She flies under the ropes, takes one look at Tyler, and decides to start stomping down on the head of the fallen RM Strong. She turns with a smile on her face, looking round at Tyler. Tyler smiles back, and levels her with a spinning heel kick. =/=

Chester Taylor: Kaylan obviously believed that the recent friendship between herself and Tyler would pay off here, no such luck apparently.

Jim Gunt: Tyler gets that this match is every man for himself, he wants to break free and step up, and he is willing to go through everyone to do it.

=/= Tyler picks up Kaylan El, putting her into the corner and draping her arm over the top rope. He pulls down on over the rope, stretching the elbow and shoulder of his much smaller opponent. Tyler lets go of the arm, and turns his back to his opponent, squashing her into the corner. He throws the elbows back, each one catching Kaylan one side of the face or another. As Tyler moves away, Kaylan falls face first to the floor.

RM had pulled himself back to a vertical base, and the two begin to exchange punches in the middle of the ring, RM gains the advantage, levelling Tyler, who just about gets up without receiving another blow. Tyler sweeps the legs, taking RM down. =/=

Jim Gunt: These two cannot seem to get the advantage from each other.

Mike Rolash: Yeah! I feel sorry for Kaylan though, seems as if she is going to be a third wheel on a bicycle at this rate.

=/= Tyler goes to Irish whip his opponent, who reverses the move, whipping Tyler into the corner, Tyler smashes into the turnbuckle, Strong charges, only to be met with a boot to the face. Tyler pulls himself onto the second rope, leaping off with a double axe handle, Strong moves out of the way, kicking Tyler in the stomach, Anderson doubles over, RM tries to follow up with a DDT, but Tyler revers the move, twisting the body of RM by his arms, and dropping him with a killswitch. =/=

Chester Taylor: That was one hell of a string of moves, but Tyler certainly came up on the end of that one with the winning move.

≠/≠ Tyler slumps against the ropes, trying to catch his breath. Kaylan and RM get to their feet roughly the same time. Both turn their attentions on Tyler Anderson, whose look changes from relaxation to fear instantaneously. Tyler ducks avoiding dual clotheslines from his opponent. RM and Kaylan work together momentarily, landing a boot each in the mid-section of Tyler Anderson, the two grab an arm each, lifting him up into a double suplex. The difference in height between RM and Kaylan shows an issues as Tyler's weight falls to one side, uplifting Kaylan. Tyler falls to a crumble on the floor, RM punches Kaylan directly in the face in frustration. RM lifts Kaylan up to her feet. ≠/≠

≠/≠ “Die Die Die My Darling” by Metallica rocks the arena as Ataxia comes through the crowd, leaping the crowd barrier and flying up to the top turnbuckle, as RM turns into see who is next, Ataxia leaps, taking out both Kaylan and RM with a flying cross body. Ataxia seemingly doesn't touch the floor before springing off the middle rope, landing across the two with the “revivifier” springboard moonsault. ≠/≠

Mike Rolash: Ataxia is literally flying here today, I have never seen him this pumped up!

Jim Gunt: Remember he is only two weeks of that massive tower match at Elevation, but Ataxia wants another shot at the world heavyweight champion.

Chester Taylor: And as the first former world champion to enter this match, he has a lot to prove.

≠/≠ As Ataxia leaps to his feet, Tyler Anderson shoots for a single leg takedown on the freakish one. The Messiah Pariah is lifted off of his feet, but manages to lock his arms around the head of Tyler, bringing him down into a stretch submission move. Ataxia holds on like a lock jawed Rottweiler, Anderson taps, but Ataxia just laughs and lets him go. Back on his feet he looks around at the destruction so far in the match, and next aims for who he considers to be the biggest threat in the match, RM Strong.

The Bastard Son of the CWF was starting to make it to his feet as Ataxia walked over to him. He stood above the rising favourite, scratching his head, he pushed RM into the turnbuckle, bouncing off the adjacent ropes, and slapping RM with a kick across the temple. The Enziguri causes Strong to slump in the corner, and Ataxia sees an opportunity, creating some space and then running with a dropkick attempt, RM moves, and Ataxia hangs himself up on the ropes, going over the top. The Chicago Assassin jumps at the chance, trying to push Ataxia all the way over, The Masked Messiah holds onto the bottom rope as if his life depends on it. Ataxia doesn't budge and manages to wriggle under the bottom rope as Kaylan distracted RM with a clubbing blow to the back of the neck.

The first two entrants once again battle it out in the middle of the ring, and just as RM gains the full advantage, Kaylan aims a kick squarely between his legs. Strong crumbles in pain, holding his crotch. Kaylan smiles sweetly to herself, evidently pleased and turns straight into the Georgia Spike RKO from Tyler Anderson. Tyler stands aloud and proud in

the ring, looking around at the competitors, he looks at the clock on the tron and smiles, he leads the crowd in counting down from fifteen. =/=

Jim Gunt: Tyler Anderson is in full control, let's hope he can keep it up when the next person gets to the ring.

=/= "Gun Show" by In This Moment plays and Theresa Del Verio sprints from the back and slides straight into the ring under the bottom rope. Tyler Anderson feels the full force of a punch to the face. Simple MMA background works right in the favour of Theresa. The other members of the match were making it to their feet. Theresa just starts swinging, Kaylan gets a closed fist to the kidney and a backhand finds itself around the face of RM Strong.

Ataxia leaps, levelling Theresa with a Lou Thesz press, Tax did aim a few punches, but Theresa covers up. The former world champion has the sense to roll off avoiding retaliation. A low dropkick is aimed and scores across the face of Del Verio. Her head bounces off the mat as Ataxia now manages to be the single man standing in the ring. =/=

Mike Rolash: This seems to be happening a lot, only one person manages to be standing at a time.

=/= Tyler Anderson and RM Strong make it to their feet on opposites sides of the ring, a silent nod goes between them as they both lunge. Ataxia tries to fight them off, but doesn't manage much offence, the two manage to push Ataxia back to the ropes. Kaylan and Theresa join the battle, the attention turns from just Ataxia to an all-out brawl against the ropes, Theresa aims a clothesline at Tyler Anderson, who drops, pulling down the ropes and Theresa goes flying over the top. =/=

Chester Taylor: Del Verio is the first casualty of the match!

Mike Rolash: Tyler Anderson makes the first elimination of the match!

=/= As the roar of the crowd dies down Tyler and RM lock up against the ropes, trying to eliminate each other. Kaylan is throwing strikes at the midsection of Ataxia, causing him to back into the corner. She climbs onto the second rope and starts laying down the punches on the head of Ataxia. She pulls off all ten, and poses to the crowd. The fans boos suddenly change to cheers as Tyler Anderson appears out of nowhere and pushes Kaylan, sending her flying over the top rope. Niether foot hits the floor and Kaylan rolls in, but not before Ataxia has caught Tyler off guard. Tax spins him around and grabs the waist, executing a perfect German Suplex. =/=

Mike Rolash: ER STAT! Tyler Anderson has just crumpled into that turnbuckle!

=/= Ataxia quickly turns his attention to RM Strong, beating him down in the corner he was resting in. Tax tries to lift the legs of Strong and dump him up and over the top rope. Strong kicks out sending Ataxia backwards, Tax stumbles into the waiting arms of Kaylan El, who twists him into a DDT. She goes over to finish off RM, but he explodes out of the corner with a clothesline. For a moment all four stayed still on the floor. Kaylan staggered to her feet, closely followed by RM and Ataxia who both used the ropes to get themselves back up. The three just clash in the middle of the ring, going for an all-out brawl. =/=

=/= "Over and Under" By Egypt Central blasts through the airways as Jonas Ryker makes his way onto the stage. =/=

Jim Gunt: Here comes one half of the challengers for the tag team championships. But for Jonas to actually get the belts here tonight he is going to have to last until either Dangerous Dan or Crazy Chris get out here tonight.

=/= Jonas takes his time getting to the ring, apparently not in any rush to enter. He watches from the outside as Kaylan takes a hard hit in the corner from an Irish whip, RM follows up with a massive running clothesline. Jonas reaches through the ropes and grabs the ankle of RM, attempting to trip him. Strong stays on his feet though and reaches down, grabbing the arm of Jonas, pulling him in unceremoniously under the bottom rope.

Strong stomps a few on the back of Jonas, before he is able to roll out of the way and get to his feet. He catches a break as Ataxia grabs the attention of RM, dropping him with a DDT. Jonas looks around and sees Tyler Anderson finally making his way back to his feet. He walks over to Tyler and lifts him back up against the turnbuckle, he takes a step back and launches, catching Tyler in the mouth with a knee, he shifts looking to finalise the move with a bulldog. Tyler has other ideas and pushes Jonas off following up with the Georgia Bomb. Jonas falls flat on his face, but still has the wherewithal to move out of the way.

Tyler then turns his attention back to Ataxia, looking for retribution. He takes and run and lands his signature spinning heel kick. Ataxia hits the ground hard, but is picked up quickly by Tyler, who Irish whips him into RM Strong, who was still in the corner. The Messiah Pariah crashes hard. Tyler charges and spikes Ataxia with a spear, crushing both him and RM Strong. Ataxia stumbles and falls, Strong goes limp, his arm wrapped around the rope. =/=

Chester Taylor: So far this has been back and forth, no clear favourite as of yet.

Mike Rolash: You say that, but considering he has the only elimination so far and is the only man standing right now, Tyler Anderson looks to be the favourite.

=/= Tyler unloads with karate style punches to the midsection of RM Strong, whilst on the other side of the ring, Jonas was holding Kaylan El down with a figure four leg lock. The submissions specialist was wrenching hard, and after failed attempts to turn the pressure onto the attacker, she was now pulling towards the ropes. Tyler Anderson saves the day however, kicking Jonas square in the face. He relives enough of the pressure, allowing Kaylan to scramble out.

Tyler turns to see Ataxia on the top rope, he tries to move but is flattened with a diving cross body. Ataxia wastes no time in picking Tyler up off the ground, and dumping him over the ropes. Tyler holds on, trying to suplex Ataxia out over him, Ataxia fights back, trying to land punches to the stomach. =/=

≠/≠ “People are crazy” by Billy Currington had hardly hit before a cowboy hat was flying into the crowd and Billy Anderson had rocketed into the ring. He beelines for Ataxia, knocking off his brother allowing Tyler back into the ring. The brothers embrace before turning their attention on keeping Ataxia down. They pick him up and then drop him with a double suplex. ≠/≠

Mike Rolash: BILLY ANDERSON IS BACK! Georgia's favourite son makes his return live here tonight!

≠/≠ Billy and Tyler look around the ring, noticing they are the only men standing. They shrug, smiling at each other before going at it in the middle of the ring. Billy being the fresher star in the ring manages to take down Tyler first. Billy responds with an elbow to the side of the head of Jonas, who staggers backwards, Kaylan comes at Tyler, trying to clothesline him over the top. Tyler hold on long enough for Billy to come to his aid and pull Kaylan off. He pushes her against the ropes, and the unstoppable force prove their namesake by double clotheslining Kaylan over the top and to the floor. ≠/≠

Jim Gunt: This may be every man for himself, but these two are going to prove to be a team to stop in this match. So far, Tyler has eliminated both competitors to leave the match.

Mike Rolash: They might be a team now, but there is always going to be a time where they will want the bigger prize.

≠/≠ The brothers high five each other before turning to separate opponents, Tyler to Ataxia, and Billy to RM Strong. They begin to beat down, both getting little resistance. Jonas came from nowhere and smashed a forearm across the back of the head of Billy, causing him to fall forwards. Jonas decides on wearing down the freshest competitor with a bow and arrow stretch, Billy shows evident pain as his back is pulled drastically. Tyler comes to the rescue with a knee to the side of Jonas. The three all fall to the wayside, Tyler being the first to get up to his feet. Ataxia makes his way over to the wreckage in the corner placing a kick into the gut of Tyler Anderson before clubbing him across the back of the head with a double axe handle.

Billy Anderson attempts to take down Ataxia, but gets a fist to the face from Ataxia, Billy staggers back and is caught by RM Strong, who grabs Billy around the waist, tossing him overhead and dropping him in a bridge style German Suplex. Jonas stalks Billy, waiting for him to rise, as Billy gets to his feet, Billy ducks the running clothesline, taking down Jonas with by the leg, hanging him up on the top rope.

Across the ring, Ataxia and RM Strong have tied up again, exchanging right hands. The bigger and RM gets the advantage again, Ataxia rolls backwards, and springboards off the ropes, knocking RM back with a springboard dropkick. RM falls flat on his back and is surprised with a lionsault from Tyler Anderson. ≠/≠

Chester Taylor: But again it's the Andersons that are standing strong.

=/= Billy and Tyler look up as "Praise" by Sevendust plays through and Justice Legal steps out onto the stage, dark and mysterious. The crowd don't seem to know how to react as Justice makes his way down the ramp. =/=

Mike Rolash: Now Justice Legal is back!

Jim Gunt: He may not have been around long before but he certainly left a path of destruction in his path.

=/= Justice climbs the stairs and enters the ring through the middle rope, staring down the Anderson brothers at all times. They charge together, Justice reacts fast, lifting Tyler up off his feet and slamming him down with a spinebuster. Billy holds back and comes at Justice with a clothesline that is ducked with ease and responded to with a devastating chokeslam. Justice then turns his attention to RM Strong. The number one entrant is showing fatigue as he stares down the newcomer, but goes at him all the same with a big boot. Justice shows great swiftness and seemingly avoids the move. =/=

Jim Gunt: Justice Legal showing amazing agility moving out of the way there.

Mike Rolash: I've always been told I have great agility by the ladies you know.

Jim Gunt: I know, whenever the boyfriends show up you run like a cheetah.

Chester Taylor: This little cheetah had roast man, and this little cheetah wobbled all the way home.

=/= Justice smacks RM across the face, pulls his dazed head under his arm and lifts. The slam rocks the ring as RM is driven down with a huge Justice Hammer. Jonas Ryker takes advantage of the move, grabbing the ankle of Justice before he has the chance to rise, placing him in a torturous ankle lock. Justice pulls himself towards the ropes, as he reaches them he pulls himself under the bottom rope, causing Jonas to make the break. Billy Anderson lies in wait, and charges towards Jonas as he breaks the hold. Jonas sidesteps the oldest Anderson, and throws him over the top. Billy holds on and lands on the apron, throwing a nasty punch at Jonas who is floored. Billy tries to get back through the ropes, but his foot is pulled off the apron by Justice and Billy falls to the floor. Justice slides back in the ring as Tyler realizes what has happened and aims at Justice. The massive charge by Tyler takes Justice over the top and right beside his brother. =/=

Jim Gunt: Two men out one after another! And more importantly the Anderson brothers have been split up!

Mike Rolash: Hey, that's not important! The fact that Tyler Anderson, a man overlooked in this company for nearly two years has eliminated three people already!

=/= Tyler Anderson collects himself and goes over towards RM Strong. Feeling good about himself he tries to lift RM over the top rope. The bigger Strong manages to fight back, pushing Tyler backwards.

Ataxia had managed to get Jonas Ryker into the corner, he heaved Jonas to the top rope, he then sprung off the rope and kicked hard with an Enziguri, Jonas goes limp on the turnbuckle. Ataxia tries pushing Jonas backwards. Somehow though Ryker manages to kick out, knocking enough wind out of Ataxia to slump forwards onto the mat, Jonas crashes

face first, allowing Ataxia to turn his attention to Strong and Anderson who were still battling on the ropes. Strong sees the threat coming and turns his attention back to the Messiah Pariah, Tyler turns away from the battle and moves towards the corner, allowing himself a moment to catch his breath. =/= Carlton slides into the ring under the bottom rope, first of all checking in on Jonas Ryker. =/=

Mike Rolash: Well we know why he is here now, keeping his pay check in line.

=/= After a good look over Jonas Ryker Carlton decides to go to work on Ataxia, after landing a boot to the side of the head of RM Strong he stomps a few boots in the solar plexus of Ataxia. Writhing in pain, The Messiah Pariah holds his stomach, he is saved by RM pushing Carlton to the ground. Jonas gets to his feet ready to fight alongside Carlton. Tyler stands up with RM. The staredown continues until the four men lunge at each other, beating down on one or the other. The four seem unable to come to a winning position. RM and Carlton find themselves battling near the ropes. Ataxia springs from nowhere grabbing the legs of both men, throwing them both over the top.

Both men get back to their feet looking livid, the two turn on each other trying to beat the living hell out of each other at ringside. Ataxia laughs maniacally to himself, somehow rejuvenated he grabs the ropes, springing backwards and smashing Tyler in the face with a flying back elbow. Mike Rolash: Holy hell that's Anubis!

Jim Gunt: The monster from the desert land is here, and who the hell is going to through this seven foot one, three hundred pound man over the top rope!

=/= Tyler Anderson's face drops as he sees the big man coming down the ramp. Jonas looks around himself, and backs into the corner. Ataxia however psyches himself up, ready and waiting for the match he never got. Anubis reaches the bottom of the ramp, the flames die and the master removes his torn and tattered cloth cape, he throws his right arm across his chest and watches as the steel steps creep across the floor towards him. He ascends the steps and throws both arms up causing the lights to raise. Anubis steps over the top rope and straight into battle with Ataxia. The Messiah Pariah goes ballistic trying to land strikes and kicks on the massive man, he keeps throwing the strikes until Anubis begins to look bored and backhands Ataxia who crashes to the floor. =/=

Jim Gunt: That is all well and good dropping the big man, but getting him over the rope is impossible from there!

=/= Seeming to notice this, Ataxia turns his attention to Jonas Ryker, who was resting in the corner. He tries to lift

He ducks suddenly once again narrowly avoiding a big boot from Anubis who nearly snaps the neck of Jonas. The deathly white face of the master turns on his former nemesis, who comes straight in to the fight with a drop kick. Anubis is pushed backwards into Jonas, and Ataxia climbs to the outside. With Anubis and Jonas still on the floor, Trent looks straight at Ataxia, the two just keep looking right at each other for what seemed like an eternity, before they both suddenly slid under the closet ropes, dived under the ring and pulled weapons out, throwing them into the ring. Barbed wire, chairs, 4x4's and even a trash can flies into the ring, followed quickly by the two men. Ataxia grabs a Singapore cane from the floor, and Trent responds with a 4x4 wrapped in barbed wire. =/=

Mike Rolash: This shit is about to get hairy!

Jim Gunt: No shit Sherlock, one of these men is about to die, and they are best friends!

=/= Both men start swinging, both being caught with the weapons, it wasn't long before blood was trickling out of the torn holes in Ataxia's mask, welts appearing across the face of Trent. A hard smash from Tax shattered the glasses of Trent and knocked him back to the mat. Ataxia waits until Steel had made his way to his feet, before throwing the cane to the side and picking up the trashcan, he throws it, and Steel narrowly avoids it throwing a steel chair by which hits Ataxia squarely in the face. Ataxia staggers out of the corner and is met with a rushing big boot to the face. As Ataxia goes down, Anubis prepares himself, signalling for a chokeslam. The Messiah Pariah stands up into the chokehold and is lifted well

off his feet, just in time Trent Steel chop blocks the back of Anubis's leg causing him to drop again, letting go of Ataxia in the process. The two men work together, grabbing a couple of steel chairs and quickly slamming them together in a con chair to move with Anubis' head. =/=

=/= The two maniacs turn back towards each other, steel chairs still in hands. They look at the chairs, and then each other, a smile again crosses their faces. The chairs start flying towards each other, the dark colours of Steel's clothes flashing around the neutral of Ataxia's. Jonas climbs through the ropes and pulls the massive left arm of the gargantuan through the ropes, locking it in a key lock around the ropes, and using incredible strength pulls himself up and wraps his legs around the arm of Anubis in a modified key lock armbar. He wrenches hard, letting go when he feels the damage had been done. Jonas then climbs the turnbuckle, and again wraps his legs around the neck of Anubis, and falling backwards using the ropes to pull a hard hitting triangle choke. Again he lets go and climbs back through the ropes this time and starts trying to lift Anubis over the top rope.

He fights himself fighting out from the corner, both members of Australis and the sympathiser trying to get to Danny B over the top. He is helped by Mindy to bashes Shane and Jonas over the back of the head, Mike turns into the attack from Mindy, trying to beat her back. She shows her incredible feminine strength by scoop slamming Crisis to the floor. Mike rolls out of the way, and Danny and Mindy

show some kind of allegiance by jumping on Shane and Jonas. As Jonas and Mindy move into the corner trying to eliminate each other, Danny Irish whips Shane into the ropes, Shane leapfrogs the Ripper on the return, bouncing back and knocking Danny to the floor with a flying forearm. He kipped up, momentum building. Shane leaps and spins through the air, landing on Danny B with a standing moonsault. =/=

Jim Gunt: For only his second time inside a CWF ring, Shane Wynters is taking to the former world champion. =/= Shane leaps up the turnbuckle, turning back towards the Ripper and dropping a massive diving elbow across the heart of Danny B. Shane drops back from the Golden Warrior, waiting, setting himself up for a superkick. As Danny gets to his feet the excitement builds in Wynters, and he jumps forward aiming the kick. Danny ducks the move, leaps and slams Wynters with an RKS. =/=

Chester Taylor: As sudden as ever from the commissioner, but as always, Wynters can't be thrown over the top from the floor.

=/= Back with the others, Jonas has gained the advantage over Mindy, pushing her backwards and away from him. He leaps up onto the first rope, springing off with a spinning elbow. Mindy gets back up to her feet quickly, aiming a forearm smash, Jonas catches the arm, and twists the arm dropping Mindy and pulling her into a LeBell lock. =/=

Jim Gunt: The submission specialist of the CWF is employing every trick in the book to keep Mindy off of his back.

Chester Taylor: And no matter how good you are, no one has a counter for all the moves in the world.

=/= "Day and Night" by Billie Piper plays through the arena as Caledonia Summers steps out onto the stage, ready to compete in her first CWF match. =/=

Mike Rolash: This should be good for The Ripper and Mindy, four people either in or associated with Australis.

=/= Caledonia steps into the ring a little tentatively and is tapped on the shoulder of Mike Crisis, who whispers something in her ear. They both look directly at Danny B, looking confident. Shane Wynters also gets to his feet joining ranks with Summers and Crisis. Danny looks around logically, and makes what he deems to be the most tactical move possible. He runs and boots Jonas in the face, causing him to release Mindy. Danny helps Mindy to her feet, the two seemingly joining ranks for survival against the other four. =/=

Mike Rolash: Well this is Golden Intentions, and one hell of a strange alliance has formed between Danny and Mindy.

Jim Gunt: Well, even though these two individuals have had great single success, they are great tag team wrestlers too. If they are going to survive right now they need to fight side-by-side.

=/= Danny counts down for Mindy and the two of them strike. The brawl ensues with Jonas and Crisis battling with the Ripper and Wynters and Summers trying to take down Mindy. It isn't long before Mindy and Danny find themselves on the losing end of the battles. Caledonia aims a kick at the mid-section of Mindy and Wynters follows through with split

legged dropkick. As Caledonia climbs to the top rope, Wynters holds down Mindy, and Summer's leaps from the top with the "Fall from Grace" Shooting star press. Mindy takes the full impact of the move, and rolls right out of the ring to recover.

Danny B manages to explode with a spear, taking down Mike Crisis, but is caught by Jonas on the way up and snap-suplexed back to the mat. Jonas, Wynters and Summers team up to lift Danny B up off the ground, they walk towards the ropes and try to throw Danny over the top. Danny wraps his legs around the head of Wynters and performs a Hurricarana, while taking down Jonas with a DDT on the way down. Summers found herself on the receiving end of a dropsault from The Ripper, Danny springs up roaring with energy. Setting up, ready and waiting, electricity flying through him, Caledonia gets to her feet but is torn down with a spear from The Ripper. =/=

Jim Gunt: Look in the eyes of Danny B, I haven't seen that look in his eyes for a long time.

Mike Rolash: Something has snapped inside Danny B, I think the Commissioner has taken a vacation and has made way for the deranged psychopath we came to know. This doesn't bode well for anyone on his bad side.

=/= Danny stomps down on the head of Caledonia, boot after boot meeting her face. Mike Crisis manages to pull Danny B off Summers, but is given a hard right to the face from Danny B. The camera pans to the face of Summers, her nose red and bloody. =/=

Chester Taylor: That's the despicable man we all know, the only person that would cause that amount of pain to a poor woman.

=/= As Jonas comes to slightly, his priority shifted to looking over Caledonia. He moved her to the corner out of the way before charging The Angelic Demon. Danny is able to block any incoming attack from "The Tasmanian Devil", but is taken by surprise as Mike Crisis adds his attacks from behind. Danny attempts to fight off both but again finds himself fighting a losing battle. Mindy De Santiago gets to her feet and distracts her arch rival, pulling him off Danny. Chain grappling begins between Danny and Jonas, the submission specialist looking for a hold, and Danny looking for a good suplex. Jonas gets there first, managing to put Danny into a sleeperhold.

Mindy whips Crisis against the ropes, popping him off with a hip toss on the return. Crisis gets back to his feet quickly but is taken down again with a dragon screw. Mindy pulls round Crisis putting him into her signature sleeper. =/=

=/= "Over and under" by Egypt Central plays for the second time as Cheetor McQuade flies towards the ring. =/=

Mike Rolash: Could this get any worse for Danny and Mindy. The final member of Terror Australis is now here, joinng essentially it is now five on two!

Jim Gunt: That it may be, but now both challengers for the tag titles are in the ring, without either member of the Danger Boiz!

=/= Cheetor jumps up onto the apron, and springs off the topes, taking down both Crisis and Mindy with a diving cross body. The sacrifice pays off as Mindy lets go of Mike Crisis, allowing McQuade to take advantage. The hardcore Aussie runs up the turnbuckle, springing off the top with his signature McQuade-sault. Mindy is flattened to the ground. Giving Jonas and McQuade the chance to rouse Crisis and Summers. Shane Wynters also makes his way to his feet. =/=

Chester Taylor: This does not look good for Mindy or Danny, I can't say I am either's biggest fan, but this could get very dangerous.

Jim Gunt: There can't be many people left to get to the ring either, so both the odds of an Aussie winning this one is looking up.

Mike Rolash: You do know that Wynters is American and Summers is British?

Jim Gunt: How did you know that?

Mike Rolash: Well, still I remember from Modern Warfare, and like I wouldn't know where to find a beautiful woman like Caledonia!

Jim Gunt: Why do I even ask?

=/= Jonas, Crisis, McQuade and Wynters circle Mindy, who was getting to her feet. Danny was rousing too, and gets to his feet looking around him, the fire lights up in the eyes of Danny B who just lets rip and flies at Jonas, who is taken by surprise and floored with a superman punch to the top of Ryker's head. McQuade and Wynters storm on Danny B, and McQuade gets a spear for his troubles. Wynters and Danny exchange blows in the middle of the ring, with Shane knocking Danny back into the ropes, Danny explodes back with the "Ripper's blade" Guillotine clothesline.

Mindy is floored by Mike Crisis with a swinging neckbreaker, which is followed up with an elbow drop. Mike climbs to the top rope and delivers a nasty frog splash again. Crisis gets immediately to his feet, turning on Danny B, who was punching Jonas in the corner. Caledonia then takes advantage of a fallen Mindy De Santiago, dropping her own elbow across the chest, she turns Mindy onto her side, drops down to the mat and wraps herself into the "bed of roses" Tazzmission hold.

Mike Crisis snaps off Danny B with a German Suplex from behind. Crisis rolls onto his feet, and both men aim a clothesline, taking down each other. =/=

=/= Colton Mace steps out onto the stage as "Yeah" by Usher booms through the speakers. The crowd explode in cheers as Mace returns to the CWF Ring. =/=

Jim gunt: Colton Mace is back!

Mike Rolash: Ripper wasn't kidding when he said he had lined up some doozies! The former two time tag team champion is here!

=/= "The Squared Circle superstar" rushes into the ring, landing a low drop kick on the back of Caledonia Summers. Colton gets to his feet and is met by a stare from Mike Crisis. Crisis sticks out his hand for Colton, who takes it, and pulls Crisis in for a short arm clothesline. Mace doesn't let go, and pulls Crisis up again, slamming him with a second clothesline, a third short arm clothesline follows and this time lets go. Colton Mace turns into the face of the daring Ripper. The former enemies look straight at each other, a cocky smile taking over the face of each. =/=

Mike Rolash: The battles have been endless between these two have been classic! Remember the cage match before WrestleFest last year?

Jim Gunt: Couldn't forget it. That was a classic.

Mike Rolash: Are you actually agreeing with me?

Jim Gunt: Shit, I think I just saw a pig fly! Oh wait, sorry that was you spilling your coffee onto you lap. My bad.

=/= The Ripper runs, ducking under the arm of Colton, and springing off the ropes, he flips backwards and lands on his feet as Colton moves out of the way, Colton aims a spinning heel kick, Danny ducks, and Colton spins onto his feet. The Ripper tries to aim a spear, but is sidestepped and thrown towards the turnbuckle, he climbs leaping off and rotating through the air with a whisper in the wind. Again Colton ducks out of the way, Danny again spectacularly rolls through the move, but this time is caught by Shane Wynters kicking Danny in the gut and leaping into the air, kicking down on the back of Danny with a scissors kick. Colton Mace then turns his attention to Jonas Ryker instead, pushing the longest running competitor into the corner, trying to lift him out over the top. Wynters gets involved, pulling Colton off Jonas and pulling Colton into a piledrive position, grabbing him around the waist and lifting him up, dropping him into the turnbuckle with a jackknife powerbomb. =/=

Chester Taylor: Just as Colton and Danny were lighting up the ring Wynters slows both men right down.

=/= Mindy and Caledonia were both up again, with Mindy picking up Caledonia, trying to dump her over the top. Summers reaches out and grabs the ropes, trying her upmost not to be pushed over the top. Mindy pulls her back, and instead of trying the elimination again, she flips Summers down, driving her with an AA.

Jonas and Wynters enclose Mindy, cutting her off from making another big move. Colton and Danny were struggling to their feet and McQuade was there to keep them down. Jonas and Wynters go for a low and high attack, Jonas taking her out by the back of the knee while Wynters delivers a clothesline dropping her.

McQuade stomps down on Danny B stomping him to stop him from getting to his feet. Colton Mace and Mike Crisis lock up again on the other side of the ring, Colton still being the fresher man getting the advantage and pushing Crisis back up against the ropes, trying to push him over. =/=

=/= The lights in the arena flash blue as “Nightmare” by Avenged Sevenfold plays as Dangerous Dan makes his way down the ramp slapping hands with the fans as he goes. =/=

Mike Rolash: this is now going to get interesting, the tag team championship now hangs in the balance as the first of the tag champions makes his way to the ring.

=/= Dan jumps onto the apron kicking through the ropes at Colton Mace, who lets go of Crisis. Dangerous Dan leaps over the top rope, aiming straight for Cheetor McQuade knocking him off his feet. Dan then moves quickly and double clotheslines Jonas and Wynters, he comes back and takes them down again with the very same move as they get to their feet. Dan focuses his full attention on Jonas, ready to protect his tag team championship by eliminating the challengers.

Jonas gets to his feet and is whipped into the corner, Dan runs and spears Jonas into the corner, watching him drop into a slump in the corner, Dan climbs the ropes and jumps, throwing his legs forward driving both feet into the chest of Jonas, rolling through and getting back to his feet. Mike Crisis is there waiting, he turns Dan around, and lands a boot into the stomach, he pulls Dan between his legs and lifts him over one shoulder for the “Avalanche powerbomb”. Dan wriggles free, pulling Crisis down with a reverse neckbreaker.

Jonas Ryker then catches his attention, and Dan flies in with “the ENDD is near”. The superkick levels Jonas, and Dan is quick to make it to the top rope, and leaps off with the ENDD. The swanton bomb flattens Jonas onto the floor, and Dan calls out to his fans in the crowd. =/=

Chester Taylor: Dan is realizing what so many others have done so far in this match, and realizing that the competitors on the floor are still in the match and are now dead weight.

=/= Dan turns back to Mike Crisis, pulling him up and against the ropes, he tries to lift the legs over the ropes, Crisis punches back, eventually causing Dan to back off from the lift. Dan staggers away, turning his back on Crisis, who lifts Dan up in the electric chair drop, slamming him backwards. The variation on his usual signature move does the damage as Dan holds the back of his head. Mindy De Santiago and Danny B had come to lock horns for the first time, The Ripper strikes out with Tae Kwon Do style straight kicks, Mindy blocks as many as she can, but is caught in the kidneys by a hard shot. The Ripper takes a step back and throws his arm up in front of his face, he smashes Mindy with a bicep. The “Starshine” takes down Mindy hard, leaving Danny able to focus on Shane Wynters, pushing him towards the corner once again and trying to take him up and over.

Caledonia had teamed up with Cheetor McQuade to take on Colton Mace, McQuade holds the arms of Colton behind his back as Caledonia aims the strikes. The usual good guy tendencies of Cheetor vanish as he tries to impress Caledonia, lifting Colton up over the top with a bridging arm trap suplex. Cheetor holds the bridge as Summers comes around dropping double legs across the elevated chest of Mace. Summers turns away looking to help Jonas back to his feet, Danny B is there waiting, and takes down Summers with a double leg take down. Danny is up quickly, ducking out of the way of a flying shoulder block, Jonas crashes into the mat, managing to scramble to his feet, although not all that quick. Danny was ready to take him, throwing a clothesline almost taking Jonas all the way over the top, Ryker holds on barely, but manages to roll through under the bottom rope.

Mindy had turned her attention to Shane Wynters, now trying to lift him over herself. Dangerous Dan tries to come to her aid, Mike Crisis and McQuade come to the aid of Wynters, and the distraction alone allows Shane to kick out at Mindy and push her into the arms of Crisis who throws her with a belly to belly suplex. Mike Crisis and Dangerous Dan lock up again, both men looking for an opening in the catch as catch can style. It takes for Shane Wynters to jump off the second rope and a twisting elbow catches Dan in the face. =/=

Mike Rolash: You think she need a pat down to make sure she doesn't have that razor blade on her?

Jim Gunt: Please, that girl could strike you out.

=/= Synn runs into the ring looking to help her team mate straight away, Mike Crisis is on the receiving end of her attacks, she throws rights and lefts, and then grabbing the arm of Crisis she pulls him over in an arm drag. Crisis makes it to his feet quickly and comes back at De La Cruz, the two lock up, and Synn goes to kick Crisis in the family jewels, but catches herself half way through, this momentary lapse allows Crisis to take advantage, turning her into a back drop. =/=

Chester Taylor: Wow, Synn really did stop herself from performing a dirty move.

Jim Gunt: That was a change in attitude of De La Cruz! But it cost her.

=/= As Crisis goes to try and eliminate De La Cruz, Danny B finds himself locked up with Shane Wynters, Shane grabs the leg of Danny, taking him down forwards, Danny locks onto the head of Shane, holding him in and wrapping the legs in a full style MMA scissors lock. Fully aware that his shoulders couldn't be counted down, Danny holds hard, wrenching the abdominal muscles of the rookie. Shane begins to tap out, but the relentless Ripper keeps pulling down hard. Jonas comes over to take advantage, kicking Danny squarely in the mouth. Jonas aims another, but Danny shows his wily nature, pulling the body of Shane Wynters up over his head. The stomp leaves a dent in the back of Shane, and Danny is given a moment to slink out of the move and able to avoid another boot of Jonas, the leg is caught and turned into a dragon screw, Danny then able to get to his feet grabs the legs again, twisting the ankles of Jonas together and turning him onto his back, Danny places a knee in the back of Jonas and wrenches with the “Warrior-lock”.

Mindy De Santiago and Synn De La Cruz have come together to take on Dangerous Dan, they lock wrists and run forward with a double clothesline. Dan gets back to his feet and avoids the same move twice. After ducking under the move, Dan springs off the rope, taking both girls down with a diving cross body block. =/=

As the songs tempo picks up, the electricity can escape through a powerline to show the city scape of Los Angeles. The LA night sky is quickly replaced, in time with the music, by that of New York City, then Toronto, Ontario, finally Halifax, Nova Scotia, where, as Raine Maida lets out a primal howl, the lights in the city go out, save for a few strategically placed windows spell out a single word: =/=

[align=center]KING[/align]

Mike Rolash: Oh Good God No!

=/= The crowd goes insane as Patient 820 steps out onto the stage, revealing himself to be no other than Jarvis J. King. A single spotlight illuminates the returning superstar. His trademark beard offset with a newly shaved head, and

he doesn't seem to have missed the day since his injuries were rehabilitated.

An unmistakable smile is on the returning internet icon's face as he mouths the words "you remembered", before pointing out to the crowd and pounding his chest. Without wasting any more time, the Ethernet Enigma, the squire of Sex Appeal, the Duke of Domination, the hall of fame hall mark, rushes down towards the ring, sliding into it as the house lights up. =/=

Jim Gunt: The hall of famer is back!

Chester Taylor: The grand slam champion is back in our ring, looks bloody funny with a bald head though!

Jonas Ryker avoids the tireless charge from Jarvis and aims to take out Dangerous Dan who is in the corner, Dan follows suit of King and dumps Jonas over the top and out of the match. =/=

Chris turns around elated after retaining the tag team championships and walks right into a powerbomb from Jarvis King. Danny B and Synn De La Cruz are exchanging grapples on the other side, Mindy comes to aid her partner, and with help manages to push Danny B over the top. The three brawl in the corner, before Jarvis pushes off Dan, and spins round with a clothesline taking Chris over the edge of the turnbuckle, Jarvis follows with a big boot knocking Chris right over. =/=

Jim Gunt: We are down to four!

Chester Taylor: Danny B, Mike Crisis, Jarvis King and Dangerous Dan, one of these men is going to WrestleFest!

=/= All four men take one corner of the ring, staring down one another. =/=

Mike Rolash: All of these men have something to prove, Danny needs to prove he is worthy of being a world champion, Jarvis to prove he is still the best, Crisis to prove he can step up to the top and Dan to prove that he is not just a tag team wrestler.

=/= Danny and Jarvis go at it on one side, Crisis and Dan on the other. As Danny B and Jarvis King rattle up on their side, Jarvis gains the advantage, Ripper shows his trademark fury coming back with a vengeance, Jarvis using Danny's blind anger against him, taking his momentum and throwing him over the top rope. Danny hits the floor hard, Jarvis looks down, laughing and clapping his hands together as if washing his hands of the situation. Jarvis turns back towards the remaining two, and doesn't see Danny B slide back in under the bottom, Jarvis is grabbed from behind and whipped over the top, he hangs on, but Danny grabs him by the throat and chokeslams him out of the match. =/=

Jim Gunt: Danny B has done it again! In the first Golden Intentions, he eliminated Angel after he had been ousted himself, and now he's done it again nearly two years later with Jarvis King!

=/= Danny and Jarvis start a massive fight on the outside, they fall over the crowd barrier and brawl into the crowd. Back in the ring, Crisis and Dan have yet to realize that they are the last two in the ring. Mike Crisis pushes Dan into the corner, and stealing Dan's superkick he knocks Dan over the ropes. Dan hits the floor, but with only one foot. He rolls in unbeknownst to Mike, and charges with full pelt, lifting Crisis off his feet and dumping Crisis over the ropes. They both fall over the top, and hit the floor. =/=

Jim Gunt: Come on!

=/= The officials wait, obviously trying to build tension, then suddenly, Dangerous Dan's hand is raised. The crowd erupt with applause and cheers for the winner of Golden Intentions three! =/=

Ray Douglas: Here is your winner, and the number one contender at Wrestitfest Three, DANGEROUS DAN!

=/= Dan jumps into the crowd celebrating with his fans, Jarvis King climbs back over the barrier, abashed and angry, Crisis nods and walks away from the match. Suddenly the CWF Tron shows Steven Gamble sitting at his desk, clapping his hands. =/=

Gamble: Well done Dan, you are the challenger at WrestleFest, no one is going to take that away from you, but I do have a quibble.

Mike Crisis was as close as close could be, and Jarvis was eliminated unfairly, so I am going to announce next week's main event.
